

MSQ Skills Invest

Expression of Interest Form

Introduction

Investment in training and skills for the manufacturing industry in Queensland is a key strategic pillar of MSQ's Annual Training Plan. MSQ is seeking to develop a preferred supplier panel of RTOs with the objective of investing in flexible and customised accredited qualifications, skill sets and key competencies to support manufacturing businesses to grow by:

- Building operational capability and capacity.
- Transforming and implementing new manufacturing processes.
- Implementing new technologies.
- Complying with legislative and regulatory requirements and industry standards and meeting tender requirements.

How It Works

MSQ Skills Invest is open to Registered Training Organisations (RTO) with a proven successful track record in developing and delivering accredited training programs for manufacturing businesses in Queensland.

RTOs may submit an expression of interest at any time for delivery of proposed qualifications, skill sets and/or units of competency.

The expression of interest should be completed prior to any other documentation and sent via email to skillsinvest@msq.org.au. An MSQ representative will contact you to discuss the project and if it is suitable for the Skills Invest program, prior to progressing the project.
